DEADLINE

Aug. 28 (Fri)

■ How to Submit Graphic Artwork

Please upload your graphic artwork via the Sakura International Inc. website below.

[Important]

Graphic artwork may only be submitted by exhibitors who have applied for the "Design Type" through the Exhibitor Website listed on page 2 of the "Application for Rental Display System." Artwork submitted by exhibitors who have not applied for the Design Type will not be accepted and will be discarded by Sakura International Inc.

Step 1

Apply for the "Design Type" rental display system via the **RX Japan Exhibitor Website**.

(Please complete your application by the submission deadline for the "Application for Rental Display System" shown on page 2.)

Step 2

Access the URL below and register your information. Once your registration is complete, you will automatically receive an email from **Sakura International Inc.** to set your password. Please follow the instructions in the email to create your password.

Step 3

After setting your password, log in to the Graphic Artwork Submission Site and upload your graphic artwork by the submission deadline.

Please note: If the submission deadline is missed, additional charges may apply, or we may not be able to prepare your graphics in time for the event.

● Electricity

- **In case of using the Rental Display System, it is not required to submit this form.**
- The Rental Display System includes basic electrical service. In case you need extra lighting, it is required to fill in **"Electrical Service"** to apply.
- If you require extra lighting, note that the additional primary wiring and branch circuit construction is required, regardless of the current wiring circuit construction and electrical consumption.
- Submission after the deadline will incur an additional charge of JPY33,000(tax included) as redesign fee. Also submitted application without electric capacity or the location of main switch box will be incurred JPY33,000(tax included) redesign fee too.
- On-site power capacity modification or On-site breaker relocation will also incur JPY33,000(tax included).

Please contact the official electrical contractor by 3 weeks before the last day of the show, if you need to use electricity in your booth before the supply hours for machine adjustment or trial runs.

The fee is JPY 66,000 (tax included) per company.

Please note that applications submitted after the deadline will not be accepted.

< SUPPLY HOURS >	The 2nd day of move-in	noon – 6:00pm
	The 1st day of the show	8:40am – the end of the show
	The 2nd day of the show	8:40am – the end of the show
	The last day of the show	8:40am – the end of the show

Rental Lighting Equipment Catalogue

1	LED Spotlight 15W (light bulb color / daylight color)	2	LED Spotlight with arm 15W (light bulb color / daylight color)
	JPY 5,500		JPY 6,050
			
3	Fluorescent LED Lamp 21W (white lamp)	4	LED 45W (daylight color)
	JPY 4,950		JPY 19,800
			
5	Outlet 100V up to 1.5kW		
	JPY 4,400		
			

*10% consumption tax included.

*If no color is specified for the spotlight, light bulb color will be set as default.

*Order these equipment by submitting the form **"Electrical Service"**.

Grand Total

JPY

NOTE:

- **AZ Scene Corp.** will contact you for confirmation within a week after your application.
If not, please contact them directly, since your application may not be delivered properly.
- Product may differ slightly from the photo in the catalogue depending on the stock status.
- The prices in the above list cover the fee to lease, bring in and place the furniture in your booth.
- Furniture not listed above is also available. Contact **AZ Scene Corp.** directly.
- On-site orders can be accepted during the move-in and show period. In those cases, it is required to pay on site.
- The total amount must be paid on site in cash (Japanese yen) or credit cards (VISA, Master, AMEX, or JCB).

Method of
Payment

Please tick the appropriate box.

- ☐ By bank transfer—Exhibitor will be charged for the bank commission fee of JPY 4,000 additionally.
- ☐ On-site payment—Credit card (JCB, AMEX, Diners Club, UC, VISA or MasterCard) or cash (only Japanese yen).
- ☐ Invoice needs to be issued by the official contractor.

Communication Network Service

Contact

Kissei Comtec Co., Ltd.

Contact: Ms. Hasegawa / Ms. Uchiyama
TEL: +81-3-6709-2440
E-mail: intl-rxjwest@network.kcrent.jp

DEADLINE

Sep. 4 (Fri)

1. Order Method

- *You can order high speed internet services during show period.
Please read this page and place order to Kissei Comtec from the following 2D Code.
- *There is no free wi-fi in the venue.

Kissei Comtec is the official contractor of internet service for the exhibition.
If you have any questions regarding communication line services, please feel free to contact Kissei Comtec.

Please complete your order form by the deadline.

- *Create separate account ID for each exhibition booth.
- *Account ID is automatically assigned by the system.
- *You will receive a confirmation email after registration.
- *You can create multiple IDs with the same email address / password.
- *Kissei Comtec will issue an invoice after confirming your application. Installing process will be executed after payment is confirmed.

Kissei Comtec will start your installation work after confirming full amount of the payment.
Please complete your payment by the deadline.

2. Service Available Period

Your service is available from 2:00pm on the 2nd day of move-in until the end of the show.

- *On-site installation work day : on the 2nd day of move-in

**Application Form
URL**

<https://entry.mice-net.jp/ex/768/reg?lan=en>

3. Service Option

- *10% consumption tax is not included all prices below.

Shared Internet Connection (Private IP Address) JPY 100,000

Option A: Access point additional cost / unit JPY 60,000

- *The service includes linked CAT5e cables terminated with RJ45 connectors and a set of 8-port switches.
- *If you require additional cable extensions within your booth, please contact Kissei Comtec.
- 1.This is a shared internet connection service using a 1Gbps line. Each connection is limited to a maximum speed of 100Mbps.
 - *Kissei Comtec does not guarantee or support the actual circuit speed of the service.
- 2.The price includes cable wiring to the booth, a router, an 8-port switch (with 7 available LAN ports), and provider fees.
Wiring, device connections, and settings beyond the switch are not included.
- 3.The IP address of each connected device will be automatically assigned by the broadband router via DHCP.
- 4.If more than 7 devices need to be connected, an additional hub is required.
- 5.Please prepare one power outlet (100V) at the desired installation location.
- 6.Option A is an add-on service that provides one wireless LAN access point. The access point will be installed at the same location as the internet line.
This option is only available in conjunction with the shared internet connection service and cannot be ordered separately.
We recommend connecting up to 30 devices per access point.
Due to heavy radio wave traffic at the venue, wireless connectivity may be unstable. We cannot guarantee the performance of the wireless LAN access point.
This service supports IEEE802.11a/ac (5GHz band) only. Devices that support only IEEE802.11b/g (2.4GHz band) are not compatible.
LAN cable wiring is not included in this option. Please contact us if you require it.
Please prepare one power outlet (100V) at the desired location for the access point.

4. Payment (Paypal or Bank wire transfer)

Please apply from web-page or 2D Code. Kissei Comtec will issue an invoice after confirming your order. Please complete your full amount of payment by the due date stated on the invoice.

*Kissei Comtec accepts Bank wire transfer (T/T) and PayPal. Please clarify your payment method.

5. Note

*Kissei Comtec is not responsible for any malfunction or security trouble of your computer. Please establish your security arrangement by your own responsibilities.

*If there is any cancellation after order, operation cost and commission occurred during refund will be borne by the exhibitor.

*Additional handling fee may be charged if you apply after the deadline.

● Floor Construction Regulations

1. Application for Floor Construction

Exhibitors who wish to conduct floor construction are required to submit application form and the stand layout to **the official contractor**. Please note that the floor construction has to be conducted by each exhibitor (except for laying the carpet). Please submit the application again if you change the number of anchor bolts on site.

2. Precautions

- 1) The floor is asphaltic pavement (concrete slab in Hall 5B and Hall 6C/D). Please use iron material or wood to dispense the load when displaying heavy-weight exhibits. The maximum load of the floor is 5t/m² for Hall 1-6B, 1t/m² for Hall 5B and 2t/m² for Hall 6C/D.
- 2) Avoid applying load on/near the pit.
- 3) Exhibitors planning to make hole-in-anchors should also submit the detailed drawing including the number and the location of the anchors. Do not install hole-in-anchors on floor pit covers.
- 4) Anchoring bolts is allowed only on asphalt. However, it is not allowed to install anchors within 300mm from the edges of the pit in Hall 1-5. Installing anchors within 500mm from the edges of the pit is not allowed in Hall 6.
- 5) Dirt and rocks from the construction need to be disposed on the exhibitor's responsibility.
- 6) If you wish to install anchors, make sure that you submit application form in advance.
- 7) Anchor construction cannot be conducted at Hall 5B, and Hall 6C/D.

3. Restoration of Original State

- 1) Floor restoration is solely on the exhibitor's responsibility.
- 2) Please take out the anchor bolts and fill in the hole with asphalt.
- 3) In case that the restoration is insufficient, the exhibitor may be charged for all the restoration expenses.
- 4) Please restore completely by **10:00pm on the day of move out**.

4. Requests for PIT Plan

Please refer to the page of "Inquiries Regarding PIT Plan" in the EXHIBITOR MANUAL – Regulations – and contact RX Japan for PIT Plan.

E-mail:			

Daily booth cleaning service is not included in the Rental Display System.

Service charge: JPY 4,620* per 1 regular booth JPY 2,310* per mini booth covering 3 days (second day of move-in and first and second day of the show)	*10% consumption tax included.
---	--------------------------------

The cleaning service covers:

- a) Booth construction period (**The second day of move-in**):
Sweeping, collecting and disposal of all trash consisting of straw, packing materials, carton boxes, paper, etc.

ALL CRATES AND PLYWOOD SUCH AS CABLES, WIRES, UNUSED CARPETS OR BOARDS MUST BE REMOVED BY YOUR OWN CONTRACTOR.

- b) Exhibition period (**The first and second day of the show**): each evening
 - Vacuuming of carpet
 - Emptying of waste baskets (Place them in the aisles each evening. Cleaners will not remove trash inside your booth).

☒ **We apply for daily booth cleaning service.**

JPY 4,620 × _____ booth(s) = JPY _____
Booth No.

Note:

- This cleaning service includes basic booth cleaning only. Exhibitors are responsible for the removal of any large garbage. Thus, any such wastes removed on behalf of the exhibitor will be charged to the exhibitor.
- It is the exhibitors' responsibility to ensure that all crates, boxes or plywoods are removed or stored properly. There is no storage in the exhibition halls.
- This cleaning service is available by **advance order only**. **On-site orders including move-in period will not be accepted.**
- This service does not include cleaning polishing of exhibits, furniture and equipment.

Method of Payment	Payment should be made directly to the official contractor . They will visit your booth to collect full payment during the show period. Only Japanese yen (cash) will be accepted. Credit cards are not accepted.
--------------------------	---

● Handling Fire and Dangerous Materials for Exhibits and Demonstration

1. Notification to the Fire Department and Application Guideline

- According to the Fire Service Act, using fire or bringing dangerous materials in the exhibition halls is prohibited. Special permission from the Fire Department is required if you wish to carry out these actions. Please submit the application form before the stated deadline.
- Inspections from the Fire Department will be conducted during the move-in and exhibition period. Please be aware that the equipment will have to be removed if there is any violation to fire regulations, including handling dangerous goods without application or incomplete construction. Submission after the deadline may not be approved by the Fire Department. Show Management will handle all applications to the Fire Department.
- Prepare booth layout indicating the position of equipment, a catalogue of the equipment, a schedule of demonstration, a calculation report of consumption and quantity of heat released and a material safety data sheet (SDS/MSDS) for application.
- If you do not receive any replies within a week after your application, please contact to avoid any oversight.

2. Guidelines for Application of the Use of Fire

(I) Definition of Naked Flame

- a) Materials which generate flames and sparks with the usage of gaseous, liquid and solid fuels, and equipment which its heating part is exposed
- b) Equipment using electricity which its heating part is burning visibly (hotplate, hair dryer and oven is not included), and the heating part exposed may ignite when flammable materials meet the heating part (surface temperature is 400°C or above).

(II) Regarding the Use of Fire

- a) The use of fire is prohibited except when it is necessary for display for demonstration. In order to use fire at the exhibition hall, permission from the Fire Department is required. Regulations regarding energy consumption or installation have to be followed. Candles or alcohol lamps as decorations are prohibited.
- b) If you wish to use gas, please consult in advance.
- c) When it is permitted by the Fire Department as a special case, firefighting equipment must be installed in the booth. (Exhibitor is responsible for the expenses for the installation)
- d) The Fire Department will lift the restriction if there is no problem with the above guidance after the inspection. The Inspector will require for the explanation of the use of fire or gas during the inspection. The person-in-charge of the booth construction is required to station at the booth during the inspection. If the person-in-charge is not at the booth when the inspection is carried, the restriction will not be lifted.

(III) Regarding the Installation and Safety Measures

- a) Flammable materials should not be placed 100cm above and 15cm next to the equipment using fire. If it is not possible to leave 15cm space from the equipment using fire, separate the equipment with fireproof materials from the surroundings. In this case, the equipment should not be attached to the partition wall. e.g. separating by pasting 2 pieces of asbestos slates with thickness of more than 15mm
- b) Equipment using fire must install measures to prevent any falls during earthquakes or outbreak of fire.
- c) Equipment using gas as fuel must have a gas-leak alarm.
- d) The person-in-charge who is responsible to operate the equipment should station at the booth at all time.
- e) Take measures to ensure the user can extinguish the fire easily.
- f) Store liquefied gas in cartridges.
- g) The flames generated should not be longer than 10cm.
- h) Take measures to protect the visitors from any potential dangers of fire.
- i) Refrain from any usage apart from the original purpose.
- j) Check before and after the usage.
- k) Install an ABC extinguisher (Type 10 or above) at the booth.

3. Guidelines for Application of Handling Dangerous Goods

(I) Definition of Dangerous Materials

- a) Dangerous goods include flammable liquid, oxidizing solid and liquid (e.g. gasoline and diesel fuel) according to the Fire Service Act.
- b) Designated flammable goods include flammable liquid and flammable solid under the Fire Prevention Ordinance (Ordinance of Osaka City No. 14).
- c) Flammable gas (e.g. propane, acetylene gas, ammonia gas, hydrogen) prescribed in the General High Pressure Security Regulations.
- *You can only bring in liquefied gas which is excluded from the General High Pressure Security Regulations.
- d) Gunpowder, pyrotechnics and toy fireworks prescribed in the Explosives Control Law.

(II) Items not considered as Dangerous Goods

The following items are not considered as dangerous goods if the amount is restricted to the minimum as needed.

- a) Exhibit stored in a closed container which is for display only. Application of amount of the display is needed.
- b) Fuel or lubricant used in the tank of the vehicle for display only.
- c) Lubricant used in the motors and hydraulic machines for display.
- d) Oil for greasing the fry pan and hot plate and animal and plant oils of cooking (deep-fried food is not included).
- * The Fire Service and the Fire Prevention Ordinance is also applied when the total amount exceeds the prescribed amount even if it is exempted from dangerous goods.

(III) Installation and Safety Measures

- a) Assign the person in charge of the booth for supervision and inspection after use.
- b) Place ABC dry chemical fire extinguisher (10lb or above) at the booth.
- c) Install device to emit the flammable steam outside the exhibition hall.
- d) Use fireproof materials to prevent the dispersion of flammable liquid.
- e) Avoid placing the dangerous goods together if they may get ignited easily.
- f) Refrain from refilling the liquid dangerous goods during the period of exhibition.
- g) Store the dangerous good in a closed container and keep it separated from the other goods.
- h) Follow the instructions of the Fire Department regarding the agreement of storing dangerous goods.
- i) Bring in the amount of daily usage of dangerous material only to the exhibition hall.
- j) Refrain from refilling during the opening hours of the exhibition.

(IV) Regarding Carrying-in alcohol(ethanol) for disinfection

Application is required if you wish to carry-in alcohol of 60w/w% or 60wt% by volume or 67v/v% or 67vol% by percentage.

Description on the package is usually by percentage.

■ The Use of Naked Flame

Equipment Name (Dangerous Material's Name)	Heat Source	Maximum Consumption (kw/hour)	Number of Equipment	Purpose

When using naked flame, please submit three copies of the picture or the catalogue of the dangerous equipment, and a floor plan indicating the location of naked flame and fire extinguishers.

■ Display of Dangerous Materials (Please refer to the following classification and fill in below.)

First Petroleum: acetone, gasoline Second Petroleum: kerosene, gas oil Third Petroleum: heavy oil, creosote oil Fourth Petroleum: gear oil, cylinder oil

Classification	Name	Quantity	Type of Container	Demonstration	Purpose
First Petroleum					
Second Petroleum					
Third Petroleum					
Fourth Petroleum					
Alcohol					
Other					
Other					
Other					

*Please indicate the weight and the number of each solid fuel such as candles.

*Please submit three copies of an installation floor plan, a catalogue, and a material safety data sheet (SDS/MSDS).

*Please take fixed measures when you bring a cylinder of flammable gas and high pressure gas.

■ The Use of High-pressure Gas

Name/Type	Quantity	Number	Purpose

*Please indicate the quantity and the number of flammable gas materials such as lighters.

■ Cautions

- 1) A person in charge of the booth takes full responsibility for the management of construction, display, and removal.
- 2) An ABC fire extinguisher (type 10 or more) must be installed in a booth.
- 3) A guard must observe the booth all the time in case of unexpected accidents such as fire.

● Carrying-in/Demonstration of Hydrogen

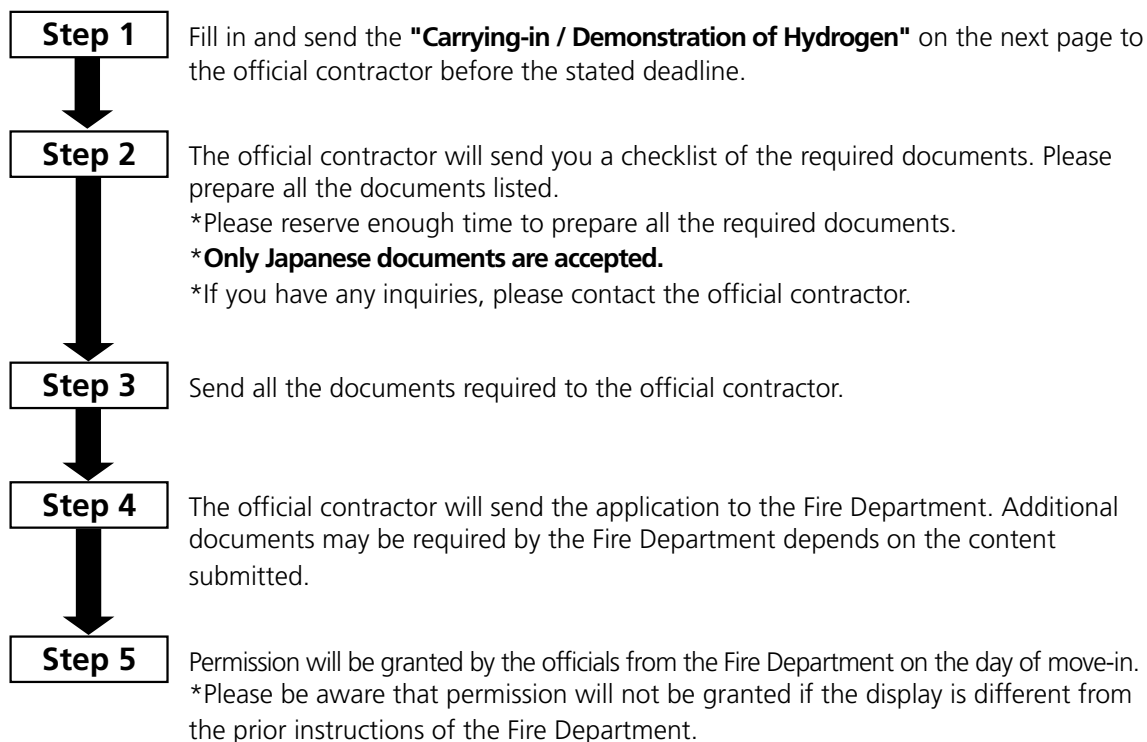

Carrying in hydrogen and demonstration of products using hydrogen are prohibited in the exhibition halls. However, it is permitted if it fulfills the requirements of the fire regulations.

The deadline of application is earlier than in the past years according to the instructions of the Fire Department.

Please submit the application form to the official contractor before the stated deadline. Any applications made after the deadline will not be guaranteed.

*If you do not receive any replies within a week after your application, please contact official contractor to avoid any oversight.

1. Application Procedures

2. Caution

- (1) Application is required for carrying in hydrogen storage alloy according to the instructions of the Fire Department.
- (2) Only the minimum amount of hydrogen for daily usage is permitted for carrying in to the exhibition hall. Replenishment of hydrogen during the show period is not permitted.
- (3) Place fire extinguisher at the booth.
- (4) The person in charge for safety should be at the booth all the time, including the move-in period.
- (5) Only products approved in Japan are allowed to use in demonstrations.
- (6) Inspections will be conducted strictly based on the Fire Prevention Ordinance.
- (7) Demonstrations may not be permitted if there is any incomplete document for application.

APPLICATION FORM

☐ I would like to apply as follows.

Company			
Address			
Person in Charge		TEL	
Person in Charge of Safety		Emergency Number (mobile phone)	
Carrying-in Amount of Hydrogen	_____ kg × _____ tank		
Type of Container	Storage alloy / Mixed gas cylinder / Others ()		
Dangerous Materials other than Hydrogen			
Exhibiting Experience at INTEX OSAKA	(year)	(month)	Show Name

● Ceiling Structure

1. Principles and Conditions of Ceiling Structure

- *The condition of Ceiling Structure is (1) the short side is more than 3m and the area is more than 20 m² (this rule also applies to exhibits too), (2) a room construction (all sides closed with walls or doors) with the ceiling more than 1m².
- *When the ceiling construction is permitted by the Fire Department as a special case, it might be obliged to install fire protection equipment in a booth. (The exhibitors must bear the expenses for the installation.)
- *The Fire Department will give permission when the guidance above is followed and there is no problem after the inspection. During the inspection, the inspector will demand the explanation for the ceiling structure. Therefore, a person in charge of the booth construction should always be stationed. If there is no attendance, you will not get permission.
- *A consultation might be necessary for raised floor, which is more than 30 cm; please contact appropriate booth constructor for details.
- *If the form is not submitted in advance and the violation of the ceiling regulation is found on site, Show Management will ask for improvement of the booth.
- *Double ceiling is prohibited in any case.

2. Forms and Consultation

- *A consultation with the Fire Department is required if the ceiling structure meets the conditions above.
Please submit application form and documents below
 - flat/elevation plan of your booth (with dimension and materials of the ceiling, and location of fire extinguisher clearly indicated)
 - detailed booth plan with description of ceiling construction
- *A consultation with the Fire Department might take time. Forms after the deadline are not accepted in principle.

* Anti-flammable labels will be attached at a place that can be seen most easily from surrounding area.

* Other measures, if necessary.

*Please submit flat/ elevation plan of your booth and detailed booth plan with description of ceiling construction.

● Details for Shipping and Handling of Exhibits

1. Freight Forwarder

- a) Submit application form if you wish to choose the official freight forwarder as your forwarder. In that case, consult with the official freight forwarder about arrival date of your items.
- b) The private forwarder you choose will be responsible for both import and delivery within Japan. Arrange directly with the freight forwarder you employ regarding the cargo / exhibit arrival, delivery of cargo to your booth, sending back to your cargo, payment schedule and other details.
- c) Show Management will not accept your goods, cargo, parcel, etc. on your behalf under any circumstances.

2. Shipping and Handling of Exhibits

IMPORTANT

INTEX OSAKA is NOT declared as a bonded area.

You need to arrange your own shipper / forwarder when you would like to ship out your package.
e.g.) FedEx, UPS, OCS etc.

The following are the two major ways to handle your exhibits from overseas:

1) Import

To import your products, you must submit relevant documents and pay duties/taxes. This enables you to sell and distribute your goods in Japan. Note that duties and taxes paid are not refundable.

Japan Customs has amended import procedures in order to effectively enforce border controls, ensure appropriate tax collection, and secure smooth imports.

<Importer>

The importer has the right to dispose of the imported cargo at the time of import customs clearance, during, and after the exhibition.

An import agency that is only commissioned to handle the procedures cannot act as the importer.

2) ATA Carnet

The ATA Carnet enables you to bring in your products without paying duties or taxes, but your exhibits must be exported again after the show. Goods imported by ATA Carnet are for exhibit only, NOT FOR SALE. All goods must be returned to the place where the Carnet was issued.

<Customs Clearance>

There are some items which cannot be imported until receiving governmental approval (ex. medical devices, cosmetics, soap, etc.). If you intend to import such items, it is essential to consult with your agent or the official forwarder in advance.

*In case the goods are imported personally by hand-carry, exhibitors must individually declare their goods at customs.

3. Goods Sent to INTEX OSAKA

1) Box Marking

Make sure that all boxes are marked as below.

Company Name: _____
Booth No.: _____ Hall: _____
Attn.: Mr./Ms. _____
Show Title: _____
INTEX OSAKA
1-5-102, Nanko-Kita, Suminoe-ku, Osaka 559-8602, Japan
Case No.1/X (X=total number of cartons)

2) Consignee (Importer)

The shipment must be consigned to a resident of Japan.

If your residency is not Japan, please consult with official freight forwarder to process customs clearance as your customs house broker.

<The rule of a person who acts as the importer>

1. Under lease contracts, a person who rents and uses the cargo.
(Copy of the contract must to be submitted to customs broker)
2. For consignment sales, a person who sells the cargo by accepting the commission.
(Copy of the sales contract must to be submitted to customs broker)
3. A person who has right to dispose the cargo.
(Copy of the agreement for disposal between the shipper and consignee must to be submitted to customs broker)

Customs broker must submit the contract(s) upon request from customs.

3) Arrival of Goods

Make sure that you or the person in charge is at the booth when your goods arrive. Show Management will not accept your goods on your behalf nor will couriers leave goods in an unattended booth. Also, note that Show Management will not be responsible for any loss or damage to your goods.

4. Temporary Storage of Empty Crates/Boxes

There is no storage space for empty cases, crates and boxes, and Show Management will not provide any. If you require empty crates / boxes for your move-out, please store them properly. Contact Show Management in advance for storage service.
