- 54-36 Shimane Industrial Promotion Foundation
- 54-22 The Kusatsu Chamber of Commerce and Industry
- 54-54 Tango Machinery Industry Cooperative
- 55-50 FUCHU CHAMBER OF COMMERCE AND INDUSTRY
- 55-52 Kochi Industrial Promotion Center
- 56-36 Tokushima Industrial Promotion Organization
- 57-50 Kosai City Hall,Kosai City Society Commerce and Industry

MORITEQ

Are You Still Using Molds for Rubber Parts?

NO MOLDS REQUIRED

FROM JUST 1 PIEACE

Booth Hall 5

32-32

RUBBER MACHINING SPECIALISTS

From One Prototype to Mass Production

Reduce Lead Time   Lower Cost

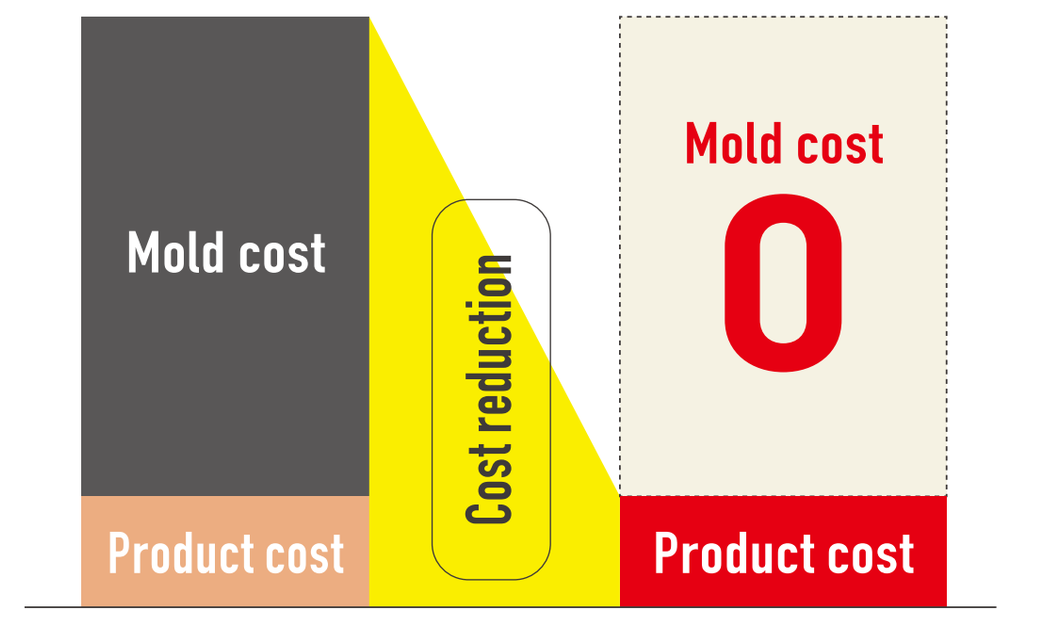

From Precision Components to Large Rubber Products We Machine All Types of Rubber Parts

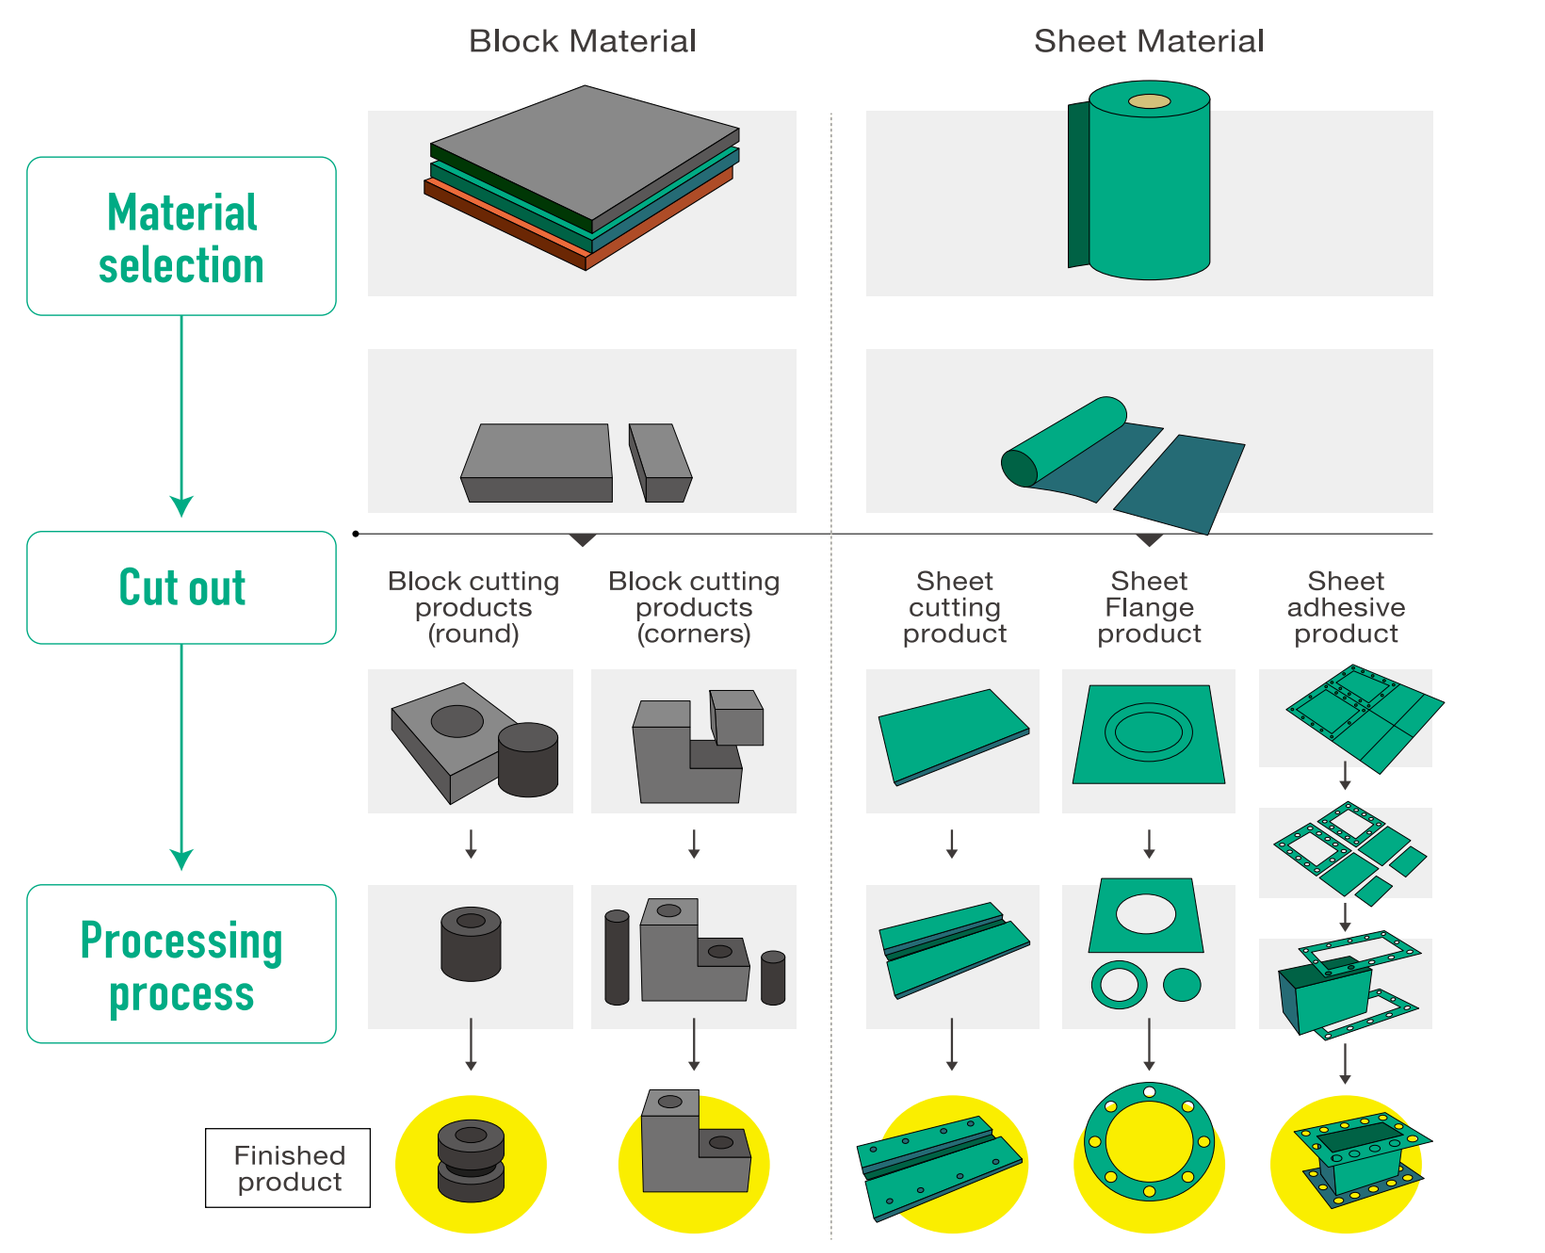

How can we manufacture without a mold.

When making rubber products from scratch, generally, a mold is first manufactured. A mold requires a huge investment, at least a few thousands dollars. In addition, a minimum lot size is required for product manufacturing, In terms of delivery time, it can take up to a month to make the mold, design change can add additional cost and time.
